**FECHIN INN
 TAOS**

Come & enjoy a creative experience in the magnificent splendor that is Taos. And do it in a style that is unique and fulfilling. Welcome to the Fechin Inn, Taos' most elegant hotel. Our 84-room inn is located just one block from the historic Taos Plaza on six secluded acres. Smooth adobe walls and open courtyard accented with fine-carved doors and furnishings reflect the Fechin style. Light from dorestry windows and French doors fills the spacious lobby. This is the venue for our delightful gourmet continental breakfast, served each morning with a special creative touch. The evenings find our guests socializing over cocktails in the breezes that grace the courtyard and portal. Enjoy our Library's selection of books and games and the overstuffed chairs by the wood-burning fireplace and much more.
